Mr. Marr's great bull William of Orange was of this noted Orange Blossom family, as was also the prize winner Imp. Cruickshank's Orange Blossoms are descended from Jessie by Sovereign. This family is from the same foundation as the Queen of Beautys, coming through Queen of Scotland (a daughter of Edith Fairfax by Sir Thomas Fairfax (5796) whose daughter Queen of the South was one of the greatest cows of her day in all Scotland). Mr. Marr's great bull William of Orange was of this noted Orange Blossom family, as was also the prize winner Imp. Orange Blossom 18th, sold in 1876 for \$3,500, and considered almost a model of perfection. She had much to do with bringing the Scotch cattle into the popular favor they now enjoy.

Imp. Royal Archer—Was bred by Philo L. Mills, Ruddington Hall, and imported in dam by W. D. Flatt, Hamilton, Ont.; got by Best of Archers 141832 (noted Scotch bull used so successfully by Harding & Son, of Wisconsin), out of Imp. San Martin by High Steward 132051; Imp. Cookson, West Branch, Iowa. His blood is a combination of the richest that Scotland ever produced, his sire being the Duthie-bred Prince of Archers 141547; dam, Sunflower 6th by the Cruickshank Lovely Sittyton Yet 121198, a son of the renowned Sittyton sire Cumberland 50626 and Lovely 20th by Lord Lancaster 20239.

Imp. Young Mary—One of the most remarkable cows ever imported. She was sold at the Ohio Imp. Co's sale October 29, 1836, with her daughter Pocahontas for \$1,500; was a large cow but not strictly of show yard character; an excellent milker and very prolific breeder: lived to be about twenty years old and died after giving birth to her sixteenth calf; five of her daughters were got by Imp. Goldfinder—one of them (Hannah Moore) was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good, but what its owner can with pride point out some of his best cattle as being Young Marys.

Imp. Royal Archer—Was bred by Philo L. Mills, Ruddington Hall, and imported in dam by W. D. Flatt, Hamilton, Ont.; got by Best of Archers 141832 (noted Scotch bull used so successfully by Harding & Son, of Wisconsin), out of Imp. San Martin by High Steward 132051; Imp. Bella 3d by Martin 131993. See full pedigree, Lot A.

Master of the Mint 4th—Got by the imported Scotch bull Master of the Mint 99462, out of Lucy 6th by Eva's Proud Duke 2d 38797; Lucy by the noted \$3,000 show bull Loudon Duke 6th 10399; Atlanta 2d by 1st Great Republic 6822, tracing to Imp. Matilda by Imperial (2151).

Satellite—Got by the noted Imp. Spartan Hero 77932 (a bull used with marked success in the herds of Messrs. Cookson of Iowa, Milton Jones of Illinois, and Col. Harris of Kansas), out of Mysie Venus by Village Boy 25099; Mysie 39th by Crown Prince of Athelstane 2d 16585, a bull of Booth and Bates breeding that is said to have sired many excellent animals when crossed on cows of Scotch breeding.
